

Chapter 1

Lead Authors

Lori Bruhwiler, National Oceanic and Atmospheric Administration, Global Monitoring Division
Anna M. Michalak, Carnegie Institution for Science

Contributing Authors

Richard Birdsey, Woods Hole Research Center
Deborah N. Huntzinger, School of Earth Sciences & Environmental Sustainability, Northern Arizona University
Joshua B. Fisher, Jet Propulsion Laboratory, California Institute of Technology
J. Miller, National Oceanic and Atmospheric Administration, Global Monitoring Division
R.A. Houghton, Woods Hole Research Center

Chapter 2

Lead Authors

Daniel J. Hayes, University of Maine
Rodrigo Vargas, University of Delaware

Contributing Authors

Simone Alin, National Oceanic and Atmospheric Administration
Richard T. Conant, Colorado State University
Lucy R. Hutyra, Boston University
Andrew R. Jacobson, University of Colorado Boulder and National Oceanic and Atmospheric Administration
Werner A. Kurz, Canadian Forest Service
Shuguang Liu, U.S. Geological Survey
A. David McGuire, U.S. Geological Survey
Benjamin Poulter, NASA Goddard Space Flight Center
Christopher W. Woodall, USDA Forest Service

Chapter 3

Lead Authors

Peter Marcotullio, City University of New York
Emily McGlynn, White House Council on Environmental Quality

Contributing Authors

Lori Bruhwiler, National Oceanographic and Atmospheric Administration
Kenneth Davis, Pennsylvania State University
Steven Davis, University of California, Irvine
Jill Engel-Cox, National Renewable Energy Lab
Conor Gately, Boston University
Kevin Gurney, Arizona State University
Daniel M. Kammen, University of California, Berkeley
Andrew Larsen, National Renewable Energy Lab
James McMahan, Better Climate Research and Policy Analysis
William Morrow, Department of Energy
Ralph Torrie, Torrie Smith Associates

Chapter 4

Lead Authors

Kevin Robert Gurney
Stephanie Pincetl

Contributing Authors

Peter Marcotullio
Kenneth Davis
Lucy Hutyra
Guido Franco
Mike Chester
Riley Duren
Chris Kennedy
Sara Hughes
Rob Kreuger
Diane Pataki
Felix Creutzig
Michele Betsill
David Sailor
Paty Romero-Lankao
Elisabeth Larson
Karina VR Schäffer

Chapter 5

Lead Authors

Alexander N. Hristov, The Pennsylvania State University
Jane M. F. Johnson, U.S. Department of Agriculture

Contributing Authors

Charles W. Rice, Kansas State University
Molly E. Brown, University of Maryland
Richard T. Conant, Colorado State University
Stephen J. Del Grosso, U.S. Department of Agriculture
Noel P. Gurwick, U.S. Agency for International Development
C. Alan Rotz, U.S. Department of Agriculture
Upendra M. Sainju, U.S. Department of Agriculture
R. Howard Skinner, U.S. Department of Agriculture
Tristram O. West, U.S. Department of Energy
Benjamin R. K. Runkle, The University of Arkansas
Henry Janzen, Agriculture and Agri-Food Canada
Sasha Reed, USGS
Nancy Cavallaro, USDA-NIFA, Soils & Global Change Programs

Chapter 6

Lead Author

Elizabeth L. Malone, Independent Researcher

Contributing Authors

Michele Betsill, Colorado State University

Sara Hughes, University of Toronto

Rene Kemp, Maastricht University

Loren Lutzenhiser, Portland State University

Mithra Moezzi, Portland State University

Benjamin L. Preston, Oak Ridge National Laboratory

Reviewers

John Robinson, University of Toronto (Canada)

Sarah Burch, Waterloo University (Canada)

Hal Wilhite, University of Oslo

Nicole Woolsey Biggard, University of California at Davis

Benjamin Sovacool, University of Sussex, UK, and Aarhus University (Denmark)

Chapter 7

Authors

Maureen I. McCarthy, University of Nevada, Reno

Beverly Ramsey, Desert Research Institute

John Phillips, First Americans Land-Grant Consortium

Chapter 8

Lead Authors

Andrew R. Jacobson (University of Colorado Boulder and NOAA Global Monitoring Division)

John B. Miller (NOAA Global Monitoring Division)

Contributing Authors

Ashley Ballantyne (University of Montana)

Sourish Basu (University of Colorado Boulder and NOAA Global Monitoring Division)

Lori Bruhwiler (NOAA Global Monitoring Division)

Abshishek Chatterjee (Universities Space Research Association/NASA Global Modeling and Assimilation Office)

Scott Denning (Colorado State University)

Lesley Ott (NASA Goddard Space Flight Center)

Chapter 9

Lead Authors

Grant Domke, U.S. Forest Service
Chris Williams, Clark University

Contributing Authors

Richard Birdsey, Woods Hole Research Center
John Coulston, U.S. Forest Service
Adrien Finzi, Boston University
Christopher Gough, Virginia Commonwealth University
Bob Haight, U.S. Forest Service
Jeff Hicke, University of Idaho
Maria Janowiak, U.S. Forest Service
Ben de Jong, El Colegio de la Frontera Sur
Werner Kurz, Natural Resources Canada
Melissa Lucash, Portland State University
Stephen Ogle, Colorado State University
Yude Pan, U.S. Forest Service
Margaret Skutsch, Centro de Investigaciones en Geografía Ambiental
Carolyn Smyth, Natural Resources Canada
Chris Swanston, U.S. Forest Service
Pamela Templer, Boston University
Dave Wear, U.S. Forest Service
Christopher Woodall, U.S. Forest Service

Chapter 10

Lead Author

Elise Pendall

Contributing Authors (alphabetical)

Dominique Bachelet
Richard Conant
Bassil El Masri
Larry Flanagan
Alan K Knapp
Jinxun Liu
Shuguang Liu
Sean Schaeffer

Chapter 11

Lead Authors

Ted Schuur
Dave McGuire
Vladimir Romanovsky

Contributing Authors

Christina Schädel
Michelle Mack

Chapter 12

Lead Authors

Kate Lajtha, Oregon State University
Vanessa Bailey, Pacific Northwest National Laboratory

Contributing Authors

Karis McFarlane, Lawrence Livermore National Laboratory
Dominique Bachelet, Conservation Biology Institute
Rose Abramoff, Lawrence Berkeley National Laboratory
Denis Angers, Agriculture and Agri-Food Canada
Sharon A. Billings, University of Kansas
Darrel Cerkowniak, Agriculture and Agri-Food Canada
Yannis G. Dialynas, Georgia Institute of Technology
Adrien Finzi, Boston University
Nancy French, Michigan Technological University
Serita Frey, University of New Hampshire
Noel Gurwick, U.S. Agency for International Development
Jennifer Harden, USGS
Jane M.F. Johnson, U.S. Department of Agriculture
Kristofer Johnson, U.S. Department of Agriculture
Johannes Lehmann, Cornell University
Shuguang (Leo) Liu, U.S. Geological Survey
Brian McConkey, Agriculture and Agri-Food Canada
Umakant Mishra, Argonne National Laboratory
Scott Ollinger, University of New Hampshire
David Paré, Natural Resources Canada
Keith Paustian, Colorado State University
Fernando Paz, Colegio de Postgraduados
Daniel deB. Richter, Duke University
Sean M. Schaeffer, University of Tennessee
Joshua Schimel, University of California–Santa Barbara
Cindy Shaw, Natural Resources Canada
Jim Tang, Marine Biological Laboratory
Katherine Todd-Brown, Pacific Northwest National Laboratory
Carl Trettin, U.S. Forest Service
Mark Waldrop, U.S. Geological Survey
Thea Whitman, University of Wisconsin–Madison
Kimberly Wickland, U.S. Geological Survey

Chapter 13

Lead Authors

R. Kolka, U.S. Department of Agriculture (USDA) Forest Service Northern Research Station
C. Trettin, USDA Forest Service Southern Research Station
W. Tang, University of North Carolina—Charlotte
K. Krauss, U.S. Geological Survey (USGS)
S. Bansal, USGS
J. Drexler, USGS
K. Wickland, USGS
R. Chimner, Michigan Technological University
D. Hogan, USGS
E. Pindilli, USGS
B. Benscoter, Florida Atlantic University
B. Tangen, USGS
E. Kane, Florida Atlantic University
S. Bridgham, University of Oregon
C. Richardson, Duke University

Chapter 14

Lead Author

David Butman, University of Washington

Contributing Authors

Rob Striegl, U.S. Geological Survey
Sarah Stackpoole, U.S. Geological Survey
Paul del Giorgio, Université du Québec à Montréal
Yves Prairie, Université du Québec à Montréal
Darren Pilcher, NOAA Pacific Marine Environmental Laboratory
Peter Raymond, Yale University
Fernando Paz Pellat, Colegio de Postgraduados Montecillo
Javier Alcocer, Proyecto de Investigación en Limnología Tropical, FES Iztacala, UNAM

Chapter 15

Lead Authors

Lisamarie Windham-Myers, U.S. Geological Survey
Wei-Jun Cai, University of Delaware

Contributing Authors

Patrick Megonigal, Smithsonian Environmental Research Center
Charles Hopkinson, University of Georgia
Andreas Andersson, Scripps Institution of Oceanography
Audra Hinson, Texas A&M University
D. Lagomasino, National Aeronautics and Space Administration
D. Peteet, National Aeronautics and Space Administration
J. Howard, National Aeronautics and Space Administration
E. Pidgeon, National Aeronautics and Space Administration
Z. Wang, Conservation International

Joseph Crosswell, Marine Biology Laboratory
Kenneth Dunton, University of Texas at Austin
Kevin Kroeger, U.S. Geological Survey
May-Linn Paulsen, Scripps Institution of Oceanography
Simone Alin, National Oceanic and Atmospheric Administration
Xinping Hu, Texas A&M University
J. Martin Hernandez-Ayon, Autonomous University of Baja California
Maria Tzortziou, City College of New York
E. Watson
Raymon Najjar, Pennsylvania State University
M. Herrmann
Karina Schafer, National Science Foundation

Chapter 16

Lead Author

Katja Fennel

Contributing Authors

Simone Alin
Leticia Barbero
Wiley Evans
Timothée Bourgeois
Sarah Cooley
John Dunne
Richard Feely
Jose Martin Hernandez-Ayon
Xinping Hu
Steve Lohrenz
Frank Muller-Karger
Lisa Robbins
Joellen Russell
Elizabeth Shadwick
Samantha Siedlecki
Nadja Steiner
Daniela Turk
Penny Vlahos
Zhaohui Aleck Wang

Chapter 17

Lead Authors

Sarah R. Cooley, Ocean Conservancy
David J. Moore, University of Arizona

Contributing Authors

Simone Alin, National Oceanic and Atmospheric Administration (NOAA)
David Butman, University of Washington
David Clow, U.S. Geological Survey

Nancy H.F. French, Michigan Tech Research Institute
Richard A. Feely, NOAA
Zackary Johnson, Duke University
Gretchen Keppel-Aleks, University of Michigan
Steven Lohrenz, University of Massachusetts Dartmouth
Ilissa Ocko, Environmental Defense Fund
Elizabeth Shadwick, Virginia Institute of Marine Science, College of William & Mary
Adrienne Sutton, NOAA
Christopher Potter, National Aeronautics and Space Administration
Yuki Takatsuka, Florida State University
Rita Yu, University of Washington

Chapter 18

Authors

Molly Brown
Riley Duren
Noel Gurwick
Nathan Hultman
Elizabeth Malone
Emily McGlynn
Sian Mooney
Ilissa Ocko
Keith Paustian
Adam Rosenblatt
Tristram West

Chapter 19

Lead Author

Deborah N. Huntzinger, Northern Arizona University

Contributing Authors

Abhishek Chatterjee, National Aeronautics and Space Administration (NASA)
David Moore, University of Arizona
Sara Ohrel, Environmental Protection Agency (EPA)
Benjamin Poulter, NASA
Anthony Walker, Oak Ridge National Laboratory
John Dunne, National Oceanic and Atmospheric Administration (NOAA)
Sarah Cooley, Ocean Conservancy
Anna Michalak, Carnegie Institution for Science, Stanford University
Maria Tzortziou, City University of New York
Lori Bruhwiler, NOAA
Tristram West, Department of Energy
Adam Rosenblatt, American Association for the Advancement of Science
Yiqi Luo, University of Oklahoma
Peter Marcotullio, Hunter College
Joellen Russell, University of Arizona
